**ORDERS OF THE DAY**

**ORDRE DU JOUR**

Want of Confidence Motion pursuant to Standing Order 43(a)

Motion de censure conformément à l'article 43(a) du Règlement.

Mrs McLeod moved,

M<sup>me</sup> McLeod propose,

Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government.

And a debate arising, after some time, the motion was lost on the following division:-

Mr Brown (Algoma-Manitoulin) moved,

M. Brown (Algoma-Manitoulin) propose,

That in the opinion of this House, since the Northern Ontario Heritage Fund belongs to Northern Ontario, and represents a small share of the resource revenues to the Province from the resource sector, and is an important tool for improving economic, social, and health conditions in the North, and since the former New Democratic Party Government transferred the legacy of Northerners to the consolidated revenue fund of the Province of Ontario, and that Premier Harris has expressed his deep concern about the disappearance of the funds from the trust account; therefore, the Government of Ontario should return the funds with interest to the Trust; update the mandate; and put the funds to valuable use for the people of Northern Ontario.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À 11 heures, la suite du débat est réservé jusqu'à midi.

Mr Marchese then moved,

Ensuite, M. Marchese propose,

That in the opinion of this House, since it is in the public interest that public utilities and banks be more accountable to the citizens, ratepayers and consumers they serve; and that cutbacks in government funding are forcing non-governmental consumer organizations and government ministries alike to make drastic reductions in their watchdog and consumer support activities, with detrimental effects on accountability; and since some of Ontario's public utilities may be privatized, making the need to ensure accountability all the greater; and that Citizens' Utility Boards can be established that would further the goals of public input and involvement and be operated without public funds or additional regulation; and that public utilities can be required to facilitate the operation of Citizens' Utility Boards without adding to their own costs of doing business; therefore (a) the Government of Ontario should move promptly to introduce legislation creating Citizens' Utility Boards and requiring public utilities to facilitate their operation; and (b) the Government of Ontario should urge the federal government to take similar action with respect to banks.

**ORDERS OF THE DAY**

**ORDRE DU JOUR**

Want of Confidence Motion pursuant to Standing Order 43(a)

Motion de censure conformément à l'article 43(a) du Règlement.

Mr Wildman moved,

M. Wildman propose,

Whereas the government has reaffirmed its commitment to both balance the budget and implement a 30% reduction in personal income taxes; and

Whereas economic growth in Ontario is predicted to continue to be weak at 2.3%, much lower than the government's assumptions in the Common Sense Revolution; and

Whereas the current unemployment rate for the province stands at 8.9% and the employment outlook given the low growth rate is expected to continue to weaken over the next year; and

Whereas the cuts to government spending were cited by the witnesses at the Pre-Budget hearings of the Standing Committee on Finance and Economic Affairs as the major contributor to the poor economic performance and loss of jobs; and

Whereas by cutting personal income taxes to capture the tax savings published in the Common Sense Revolution, the government will lose \$27.8 billion in revenue by the year 2000; and

Whereas in order to balance the budget as promised in the Common Sense Revolution the government will have to implement further spending cuts, which will affect children, senior citizens, and other vulnerable Ontarians; and

Whereas the cost of such a tax cut, which is to reduce the percentage of basic federal tax by 20 points, will add an extra \$16.5 billion to the accumulated debt of the province; and

Whereas fully two-thirds of the value of the tax cut will go to the top 10% of income earners and will do nothing to increase consumer spending; and

Whereas witnesses at the Pre-Budget Committee hearings agreed that the Common Sense Revolution's promise of 725,000 new jobs is unrealistic and unattainable; and

Whereas the government has refused to listen to expert witnesses, the people of the province and has refused to pay attention to the reality of Ontario's economic situation;

Therefore, pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government.

And a debate arising, after some time, the motion was lost on the following division:-

Ms Churley moved,

M<sup>me</sup> Churley propose,

That in the opinion of this House, since cancer is one of the leading causes of premature death in Ontario, claiming more than 20,000 lives annually, and since Ontario currently spends in excess of one billion dollars a year on cancer treatment, and since the previous New Democratic Party Government recognized this dire threat and commissioned a task force to advise on ways to effectively stem the rising incidence of this disease, and since the Ontario Task Force on the Primary Prevention of Cancer tabled its report in March 1995, advising the government on an action-based plan for the primary prevention of cancer and the present Conservative government has yet to respond; therefore in order to protect human health, prevent cancer and benefit natural ecosystems; this House calls upon the Government of Ontario to (a) immediately appoint a working Committee consisting of environmental, health, labour, industry, women's, aboriginal and other interested groups; and (b) work with the Committee to establish realistic and measurable timetables for sunseting persistent, bio-accumulative toxic chemicals that are known or suspected carcinogens as outlined in the report of the Task Force.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À 11 heures, la suite du débat est réservé jusqu'à midi.

Mr Tilson then moved,

Ensuite, M. Tilson propose,

That in the opinion of this House, since the Federal Liberal Government introduced Section 745 to the Criminal Code in 1976; and

since a person convicted of first degree murder is not eligible to apply for parole for 25 years at the time of sentencing; and

since Section 745 says that where an offender has a parole ineligibility period of more than 15 years and the offender has served at least 15 years, or only 60% of their sentence, the offender can apply to the court for a reduction of the parole ineligibility period; and

since CAVEAT, Victims of Violence, the Canadian Association of Chiefs of Police, the Canadian Police Association, and the Police Association of Ontario have all called on the Federal Government to immediately repeal Section 745 from the Criminal Code; and

since holding hearings under Section 745 uses precious resources which could be redirected elsewhere to prosecute serious crime; and

since the Federal Government has failed to pass a Private Member's Bill that Liberal backbench Member, John Nunziata of Ontario tabled in the Federal House of Commons in 1991, 1994 and 1995, that calls for the repeal of Section 745; and

since Federal Justice Minister Allan Rock has failed to state definitively that the Federal Government will repeal Section 745 to keep convicted murderers off the streets of our communities;

therefore the Government of Ontario should urge the Government of Canada to repeal Section 745 to ensure that convicted murderers serve their entire sentences and to protect victims, their families and the community.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Ms Churley's Resolution Number 13, the question having been put, was carried on the following division:-

Conformément à l'article 96(e) du Règlement, la motion portant sur la résolution numéro 13 de M<sup>me</sup> Churley n'a pas fait l'objet d'opposition et la motion, mise aux voix, est adoptée par le vote suivant:-

The Speaker delivered the following ruling:-

On Wednesday, April 17, 1996 the member for Dovercourt (Mr Silipo) rose on a point of order respecting the use of Question Period by Ministers to make statements.

The member is quite correct when he asserts that "question period should not be used as the place in which ministers make statements about government policy". I am in full agreement and would caution Ministers that a statement of government policy, of which the House should be informed, should be announced during Statements by the Ministry and not during Question Period.

However, as Speaker Warner states in his ruling of October 9, 1991:

"that is not to say that the Speaker is in a position to make judgements on the contents of answers in order to determine whether or not they constitute announcements of public policy."

In conclusion, I wish to thank the Member for Dovercourt (Mr Silipo) for bringing this matter to the attention of the House and to repeat, that Question Period is not the appropriate time for Ministers to make statements that should be made during the proceeding reserved for that purpose.

---

During "Oral Questions" the Speaker requested the member for Welland-Thorold (Mr Kormos) to come to order repeatedly.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day's sitting.

**PRAYERS**  
**10:00 A.M.**

Mrs Caplan moved,

Second Reading of Bill 41, An Act to protect the Rights of Persons receiving Health Services in Ontario.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Silipo then moved,

That in the opinion of this House, since there is a significant and growing sense of cynicism and alienation toward the political process of Ontario and it is to the benefit of all to restore the relevance of government in people's lives; and

since the present system does little to address the growing cynicism among the electorate towards the political process; and

since the fairest and most democratic system of election is one which results in the composition of the Legislature reflecting as closely as possible the preferences of the electorate; and

since the present "first past the post" system of electing members to the Legislative Assembly of Ontario does not mirror the voters' preferences adequately, usually resulting in majority governments being formed by a party receiving a minority of voter support; and

since the present legislative system grants little constructive role to the opposition parties although they usually represent a majority of voters' preferences; and

since the Mike Harris government is committed to introducing legislation to change the electoral system by reducing the number of MPPs in the Legislative Assembly and this will provide an opportunity to review the entire electoral system to make it more democratic;

therefore, as one major part of reforming the electoral system of Ontario,

- a) members of the Legislative Assembly of Ontario should be elected by a system of proportional representation which would better reflect the wishes of the voters and promote better representation of women and the diversity of Ontario in the Legislature; and
- b) this system should be applied on a regional basis to maintain the appropriate balances between urban and rural Ontario; and
- c) the Legislative Assembly Committee should examine the various possible models of proportional representation which could be applied to Ontario; and

- d) the Legislative Assembly Committee should report back to the Legislative Assembly with one or more models of proportional representation for Ontario which could be incorporated by the government into the legislative changes required to reform the electoral system.

The Speaker addressed the House as follows:-

I would like to beg the indulgence of the House to make a short statement today on order and decorum.

This statement arises out of my increasing concern over the last several weeks for the dignity of this Chamber and its Parliamentary traditions. I find that the use of unparliamentary language is becoming commonplace. This is unacceptable. Members should refer to each other with respect and in a manner in which they themselves would like to be addressed. All members of this House are Honourable and should be treated as such.

This Chamber is the focal point for parliamentary debate and should not be used for actions that do not support that function. Demonstrations in this House by the public or by members themselves are out of order. I would ask all members to take this into consideration the next time they consider making their point by unparliamentary action rather than parliamentary words.

Other Speakers have made statements similar to this one. I myself have addressed this House before on such issues and I again ask members on all sides of this House to conduct themselves honourably and to co-operate in imposing on themselves the order and decorum that they expect of others in this Chamber.

Let me conclude by repeating what I have said before, the efforts of all members are required to maintain order and decorum in this Chamber. Your Speaker cannot do it alone. However, I can and will enforce the rules rigorously and I have confidence in your capacity as members to behave with dignity.

Mr Clement moved,

M. Clement propose,

That in the opinion of this House, since Ontarians are entitled to high levels of service from the public sector; and

since Ontarians sent a clear message in the June election that the status quo is not acceptable and called for a government committed to driving substantive reforms in the delivery of public services; and

since the Progressive Conservative government has already taken steps to respond to this message by reviewing all public expenditures; and

since it is important that this process does not neglect the needs of Ontarians and should include the establishment of guiding principles within the public service that will ensure that it is responsive to the public's expectations;

therefore, in order to provide Ontarians with a better, more accountable and more responsive public service, the Chair of the Management Board should investigate the establishment of a mechanism to ensure that the following principles and standards are adopted by the government of Ontario;

- a) measurable standards need to be established whereby the public as consumers of public services can assess how services are delivered on a regular basis;
- b) information needs to be readily available to the public that will allow them to understand what services cost, who is in charge and how they can benefit from the service;
- c) the public must be consulted on a regular basis to ensure that the service is still achieving its desired objectives and continues to be a service which the public sector should be providing;
- d) the public's needs must be paramount in determining how to deliver a service;
- e) the public must be treated equally and with dignity and respect;
- f) the public must have access to a system of redress whereby the government must accept the responsibility for the delivery of services in an appropriate manner; and
- g) the taxpayer must be protected by ensuring that government services are delivered in an efficient and economic manner within the context of the existing fiscal environment.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À 11 heures, la suite du débat est réservé jusqu'à midi.

Mr Colle then moved,

Ensuite, M. Colle propose,

That in the opinion of this House, since the roads in this province constitute a \$100 billion asset; and that the Ministry of Transportation is responsible for the construction and maintenance of the provincial highway system which consists of about 22,000 kilometres of roadway; and

since the 1995 Annual Report the Provincial Auditor has concluded that 60% of highways are currently considered to be in poor or substandard condition; and that if immediate actions are not taken to repair highways the condition of the infrastructure will continue to deteriorate to the point that a massive and costly reconstruction effort will become necessary; and

since the average cost of rehabilitation is estimated at \$80,000 per kilometre lane but if not implemented immediately the reconstruction cost per kilometre lane escalates to \$250,000 per kilometre lane; and that poorly maintained roads jeopardize the safety of motorists and increase the number of accidents resulting in higher repair and insurance costs; and

since representatives for the Ontario Road Builders' Association who appeared before the Finance Committee earlier this year told committee members that since this government came into power no money has been spent on the roads and highways in the province thus increasing the deterioration of roads; and that provincial cuts to the road maintenance and repair budget mean increased costs for future road reconstruction; and

since the Provincial Government is transferring thousands of kilometres of provincial roads to municipalities which in addition have had their provincial operating grants drastically cut; and that a comprehensive long-term government investment strategy in road maintenance and repair will maintain and encourage economic growth and commerce in communities across Ontario and can readily be undertaken by a highly trained and highly skilled local workforce;

therefore, the Government of Ontario should immediately establish a Road Maintenance and Reconstruction Fund whereby the government guarantees that a fixed portion of the gas tax along with other government revenues be designated to go directly toward the Road Maintenance and Reconstruction Fund for road maintenance, repair and reconstruction in order to systematically eradicate the existing substandard condition of 60% of provincial roads.

The Acting Speaker (Mr Morin) addressed the House as follows:-

Before we proceed with the voting today, I would like to address the members that on Thursday last, there seemed to be some confusion as to the procedure we were following on the deferred votes for both items of private members' public business.

I want to assure all members that the procedure followed, was completely in accordance with Standing Order 96(f) and, was the procedure we have followed in this House for many years. When a vote is requested on the first item of business, the calling in of the members by the Chair is deferred until we determine if there is to be a vote on the second item. The members are then called to the House once with one five-minute bell and both votes are then taken in succession.

We have tried to accommodate those members in the past who have wished to vote on the first item, but not the second, by pausing between the questions to allow those members to leave the Chamber before voting on the second item. This also allows other members who may be waiting in the lobbies to enter the House to record their vote on the second item. This procedure, I admit, is cumbersome at best, however we have to follow the Standing Order that requires the votes to be taken in succession. If it is the wish of the members, I will cause the doors to be opened for 30 seconds of the clock after the first vote rather than an unspecified pause as we have done in the past.

In the Third Session of the previous Parliament, this House operated under a special order dated April 20, 1993, wherein the votes on Thursday mornings were taken individually. In that case, there were two five-minute bells which seemed to work much better than the current procedure, however until a similar order is passed, we have to proceed with our present procedure.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Clement's Resolution Number 16, the question having been put, was carried on the following division:-

Conformément à l'article 96(e) du Règlement, la motion portant sur la résolution numéro 16 de M. Clement n'a pas fait l'objet d'opposition et la motion, mise aux voix, est adoptée par le vote suivant:-

## ORDRE DU JOUR

Debate was resumed on the motion that this House approves in general the Budgetary Policy of the Government.

Le débat reprend sur la motion portant que la présente Assemblée adopte les grands principes de la politique budgétaire du gouvernement.

After some time,

Après quelque temps,

Mrs McLeod moved that the motion moved by the Minister of Finance on May 7 "that this House approves in general the Budgetary Policy of the Government" be amended by deleting the words following the words "that this House" and adding thereto the following:

"Recognizing that the budgetary policy put forward by the Minister of Finance comprises little more than a shell game, in which all but the wealthiest Ontarians will see their tax cut eaten up by new user fees and local taxes; and

That while the Conservative government is giving taxpayers a 15% tax cut, it is taking the tax cut away from the lower and middle income earners piece by piece in new and higher user fees, higher tuition fees and licence fees; and

That according to the government's own figures, the unemployment rate will actually increase over the next two years; and

That despite the Conservatives' claim that the tax cut will create 725,000 jobs, the budget predicts that there will be 6,000 more people unemployed in 1998 than the day the Conservative government took office; and

That the massive cuts to government services, including education, justice, health, and transportation required to pay for the tax cut are unacceptable and will transform Ontario into a province of winners and losers;

Therefore this House has lost confidence in this government."

On motion by Mr Laughren,

Sur la motion de M. Laughren,

Ordered, That the debate be adjourned.

Mr Wildman moved,

Second Reading of Bill 24, An Act to amend the Environmental Protection Act, the Ontario Water Resources Act and the Pesticides Act.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Stewart then moved,

That in the opinion of this House, since the expression of spirituality in public schools is currently limited only to the reading of prayers and other spiritual texts, and that the multi-faith character of Canadian society has never implied that particular expressions of, as well as education about, diverse spiritual traditions are to be suppressed, but openly celebrated and respected by students and all Canadians as part of the intrinsic fabric of our country, and

since spiritual expression and reflection is an important part of the overall development of values and the communication of the varied role of spirituality in our lives, and that open spiritual expression is practiced within the publicly-funded separate school system,

therefore, the Ministry of Education and Training should recognize the important role of spirituality and spiritual expression among students of multi-faith traditions in Ontario's public school system by allowing local Public Boards across Ontario the right to determine for themselves how such spiritual expressions should be included in the daily activities of their schools.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on the motion for Second Reading of Bill 24, An Act to amend the Environmental Protection Act, the Ontario Water Resources Act and the Pesticides Act the question having been put, was declared carried and the Bill was accordingly read the second time and Ordered referred to the Standing Committee on Resources Development.

À 11 heures, la suite du débat est réservé jusqu'à midi.

Ensuite, M. Stewart propose,

That in the opinion of this House, since the expression of spirituality in public schools is currently limited only to the reading of prayers and other spiritual texts, and that the multi-faith character of Canadian society has never implied that particular expressions of, as well as education about, diverse spiritual traditions are to be suppressed, but openly celebrated and respected by students and all Canadians as part of the intrinsic fabric of our country, and

Conformément à l'article 96(e) du Règlement, la motion portant deuxième lecture du projet de loi 24, Loi modifiant la Loi sur la protection de l'environnement, la Loi sur les ressources en eau de l'Ontario et la Loi sur les pesticides n'a pas fait l'objet d'opposition et la motion, mise aux voix, est déclarée adoptée et le projet de loi est en conséquence lu une deuxième fois et déferé au Comité permanent du développement des ressources.

## ORDERS OF THE DAY

Debate was resumed on the Amendment to the motion that this House approves in general the Budgetary Policy of the Government.

After some time,

Ms Lankin moved that the Amendment to the motion be amended by adding after the word "losers", the following:

"and

That the economic projections announced by the Minister of Finance reveal that the tax cut will not deliver the promised economic growth and will only serve to add to the accumulated debt of the province; and

That since the government plans to take another \$22 billion out of the revenue base it must cut expenditures further in order to balance the budget; and

That more cuts will result in further erosion of Ontario's economic growth potential and a further decline in revenues; and

That the result of the budgetary policy tabled by the Minister of Finance is contradictory to the government's stated objectives of providing for economic growth and an increase of 725,000 jobs;

## ORDRE DU JOUR

Mr Johnson (Don Mills) delivered to the Speaker a message from His Honour the Administrator signed by his own hand, and the said message was read by the Speaker and is as follows:-

ROY MCMURTRY

The Administrator of the Government transmits Estimates of certain sums required for the services of the Province for the year ending 31st March 1997 and recommends them to the Legislative Assembly.

L'administrateur du gouvernement transmet les prévisions de certains montants nécessaires requis pour assurer les services de la province pour l'exercice se terminant le 31 mars 1997 et les recommande à l'Assemblée législative.

Toronto, 15th May 1996

Toronto, le 15 mai 1996

Ordered, That the message of the Administrator together with the Estimates accompanying same be deemed to be referred to the Standing Committee on Estimates pursuant to Standing Order 58.

---

The Speaker addressed the House as follows:-

I would like to deal briefly with the point of order raised Monday by the Opposition House Leader as to whether a Minister who makes reference to a document during a speech is required to table that document in the House.

It is my understanding that the question before us is not whether the Minister has made reference to a document, but whether the Minister has cited or quoted from the document. I would submit to you that Ministers may make reference to any document they please, as do other Members in the House, however, if the Minister has cited or quoted from a public document then the Minister should, as a courtesy, table that public document in the House, so that all Members may have access to it.

It should be mentioned here that since this House deals only with public documents in its proceedings this ruling applies only to those documents and not to any private documents or correspondence. This does not preclude the Minister from tabling such private documents but does not obligate the Minister to do so.

---

I would also like to address the concerns raised yesterday by the Member for Windsor-Riverside and the Member for St. Catharines on the subject matter of decorum in general and in particular, the remarks made by the Premier during the question period and directed to the Leader of the Opposition.

Upon review, I would caution the Premier, that the remarks made yesterday were not in keeping within the spirit of our Standing Orders and make it difficult to maintain order and decorum in this House. Yesterday was not one of our better days and while interjections are to be expected, they were particularly loud which prevented me from hearing the answer given by the Premier. I would submit to you, that had I heard the words spoken, I would have directed the Premier to reconsider his comments and I am certain that he would have complied.

I would ask for the co-operation of all Members to tone down the intemperate remarks that have dominated Question Period over these last few weeks and to ask for their assistance in a particularly noisy House, that if they perceive any unparliamentary language to be spoken then they have a duty to bring it to the attention of the Chair so that the Chair may take the appropriate action to have the offending words withdrawn immediately. The Speaker cannot be expected to review Hansard and reflect upon the words spoken. The words have to be heard in the particular context in which they were spoken, to determine if they were unparliamentary or not.

Members may wish to know that I have named more Members in this House in my short term of office than any other Speaker. This is a record of which I am not proud, however, if the Members on all sides continue to abuse their privilege to speak using unparliamentary language then I will continue to name them as a commitment on my part to bring order and decorum to this House and to restore the dignity with which it deserves.

Mr Curling moved,

M. Curling propose,

That in the opinion of this House, since the Minister of Municipal Affairs and Housing has caused considerable confusion by publicly telling landlords and builders that he will introduce legislation that will end rent control, but on the other hand, tells tenants they will be protected without any explanation; and

since this government has cancelled over 390 non-profit housing projects that would have provided needed and decent shelter to lower income Ontarians, but has made known no plan to make up for this short-fall in affordable accommodation; and

since the Minister intends to drastically change six pieces of housing legislation, including rent control, that will wipe out tenant protection in Ontario; and

since rent control legislation was first introduced in 1975 and improved on by subsequent governments over the past 20 years; and

since this government continues to attack the most vulnerable in our society;

therefore, the Government of Ontario should stop its plans to gut rent control, and work with tenants to ensure that tenant protection and rent control be maintained in the province of Ontario.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À 11 heures, la suite du débat est réservé jusqu'à midi.

Mrs Boyd then moved,

Ensuite, M<sup>me</sup> Boyd propose,

That in the opinion of this House, since persons with disabilities in Ontario face systemic barriers in access to employment, services, goods, facilities and accommodation; and

since all Ontarians will benefit from the removal of these barriers, thereby enabling these persons to enjoy equal opportunity and full participation in the life of the province;

therefore, the Government of Ontario should keep its promise as set out in the letter from Michael D. Harris to the Ontarians with Disabilities Act Committee dated May 24, 1995 to:

- a) enact an Ontarians with Disabilities Act within its current term of office; and
- b) work together with members of the Ontarians with Disabilities Act Committee, amongst others, in the development of such legislation.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Curling's Resolution Number 19, the question having been put, was carried on the following division:-

Conformément à l'article 96(e) du Règlement, la motion portant sur la résolution numéro 19 de M. Curling n'a pas fait l'objet d'opposition et la motion, mise aux voix, est adoptée par le vote suivant:-

## ORDERS OF THE DAY

Opposition Day

Mrs McLeod moved,

Whereas the actions taken by Mike Harris and his government have reduced the excellence and accessibility of our education system; and

Whereas Mike Harris promised in the Common Sense Revolution that any funding cuts to education would not come from the classroom; and

Whereas Mike Harris and his government have in fact affected classroom funding with an initial cut of \$400 million, which annualized will equal \$800 million, and which has resulted in the elimination of the classroom for many young Ontarians and adult students; and

Whereas Mike Harris and his government have acknowledged that the current drop-out rate will cost the country \$23 billion in lost productivity, \$9.9 billion in lost taxes and \$1.4 billion in welfare and unemployment benefits; and

Whereas many adult learners are high school drop-outs who realize the need to complete their high school education; and

Whereas Mike Harris' actions through Bill 34 will make adult education unaffordable for many; and

Whereas Mike Harris has closed the doors of education and opportunities for these individuals by a reduction of funding for adult education with the intended passage of Bill 34; and

Whereas the government's own studies have shown that junior kindergarten has a positive impact on children; and

Whereas the Royal Commission on Learning recommended that schooling begin at age three to maximize the benefit of early childhood education for each child; and

Whereas Mike Harris also promised to present a tool kit to the education sector to help them reduce their costs and failed to provide an adequate set of tools; and

Whereas, for many Ontarians the cost of the tax cut promised by Mike Harris will be a poorer education system;

## ORDRE DU JOUR

Jour de l'opposition

M<sup>me</sup> McLeod propose,

Whereas the actions taken by Mike Harris and his government have reduced the excellence and accessibility of our education system; and

Whereas Mike Harris promised in the Common Sense Revolution that any funding cuts to education would not come from the classroom; and

Whereas Mike Harris and his government have in fact affected classroom funding with an initial cut of \$400 million, which annualized will equal \$800 million, and which has resulted in the elimination of the classroom for many young Ontarians and adult students; and

Whereas Mike Harris and his government have acknowledged that the current drop-out rate will cost the country \$23 billion in lost productivity, \$9.9 billion in lost taxes and \$1.4 billion in welfare and unemployment benefits; and

Whereas many adult learners are high school drop-outs who realize the need to complete their high school education; and

Whereas Mike Harris' actions through Bill 34 will make adult education unaffordable for many; and

Whereas Mike Harris has closed the doors of education and opportunities for these individuals by a reduction of funding for adult education with the intended passage of Bill 34; and

Whereas the government's own studies have shown that junior kindergarten has a positive impact on children; and

Whereas the Royal Commission on Learning recommended that schooling begin at age three to maximize the benefit of early childhood education for each child; and

Whereas Mike Harris also promised to present a tool kit to the education sector to help them reduce their costs and failed to provide an adequate set of tools; and

Whereas, for many Ontarians the cost of the tax cut promised by Mike Harris will be a poorer education system;

Therefore this House calls on the Mike Harris government to fulfil its promise not to affect classroom spending; to refocus its priorities on the quality of our education system rather than simply cutting and slashing programs; and to promise no further cuts to the education system.

## ORDERS OF THE DAY

## ORDRE DU JOUR

Notwithstanding Standing Order 42(k), the following Opposition Day motion was debated with unanimous consent.

---

### Opposition Day

### Jour de l'opposition

Mr Wildman moved,

M. Wildman propose,

Whereas the NDP Government's Rent Control Act protects tenants from high rent increases; and

Whereas the 1992 Rent Control Act was the result of extensive consultation with tenants, landlords and other groups; and

Whereas tenants deserve rents that are predictable and fair; and

Whereas gutting rent control will do nothing to stimulate new private sector housing construction or solve maintenance problems; and

Whereas the Mike Harris Conservative Government has cancelled more than 15,000 units of co-op and non-profit housing and has embarked on a plan to privatize public housing; and

Whereas the Mike Harris Conservative Government now wants to gut rent control; and

Whereas the previous Conservative and Liberal governments failed to protect tenants from high rent increases;

Therefore this House calls on the Conservative Government to keep the existing system of rent control, which protects tenants from high rent increases through a cap on rents, and ensures that landlords whose buildings are not properly maintained cannot increase rents; and to ensure that tenants still have security of tenure and access to the courts under the Landlord and Tenant Act.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Hampton then moved,

That in the opinion of this House, since workers fund pension plans but have little or no say in how these funds are administered, directed and invested; and

since pension funds account for about \$360 billion in Canada; and

since workers need to have a say in how their pension plans are run and how funds are invested to benefit their future;

Therefore the Government of Ontario should immediately bring forward legislation amending the Pension Benefits Act that provides that, wherever a pension plan exists in a workplace, that at least one half of the members of any committee or board responsible for the plan and fund administration and investment be representatives of members of the pension plan.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on the motion for Second Reading of Bill 56, An Act to amend the Environmental Protection Act and the Waste Management Act, 1992 with respect to the Importation of Waste from one municipality into another the question having been put, was lost on the following division:-

**PRAYERS****10:00 A.M.**

Mrs Ecker moved,

That in the opinion of this House, the income tax system unfairly favours political over charitable donations of \$200 or less; and

since charitable organizations and the work of volunteers are a vital part of Ontario's communities that serve the needs of many individuals and enrich the quality of life we enjoy in Ontario; and

since promoting the spirit of volunteerism and the work of charitable community organizations is a high priority for the Government of Ontario; and

since the Canadian Centre for Philanthropy has submitted to the federal government that there should be an increase in credits for charitable donations; and

since studies indicate that increasing the tax credit can increase the amount donated by those who file for credits; and

since tax credits for charitable donations are the responsibility of the Government of Canada;

Therefore the Government of Ontario should pursue discussions with the Government of Canada to explore the feasibility of increasing charitable credits on contributions of \$200 or less so that they are equivalent to credits for political donations.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

**PRIÈRES**

On several points of order having been raised on the same matter, the Speaker recessed the House for 15 minutes.

On his return, the Speaker delivered the following ruling:-

Matters that arise out of the administration of the Office of the Assembly and that are decided by the Board of Internal Economy are not matters that can be the subject of Question Period.

The principal reason for this is that no member of the Cabinet is responsible for these matters.

These matters are the responsibility of the Board of Internal Economy and members from all parties sit on that Board.

As Speaker Warner indicated in his ruling of December 12, 1991:

"all questions on such matters should be raised with the Board or with the Speaker, instead of in the House".

Therefore I would invite honourable members who have questions to come and see me or make representations to Board members.

However, according to the traditions of this House, I cannot allow such questions during Question Period.

---

The Speaker requested the member for Welland-Thorold (Mr Kormos) to resume his seat.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day's sitting.

---

The Speaker then requested the member for Cochrane South (Mr Bisson) to come to order.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day's sitting.

---

Pursuant to Standing Order 16, the Speaker suspended the proceedings for 10 minutes for grave disorder.

---

Following Question Period, at 3:55 p.m., the deferred vote on the motion for Second Reading of Bill 75, An Act to regulate alcohol and gaming in the public interest, to fund charities through the responsible management of video lotteries and to amend certain statutes related to liquor and gaming was carried on the following division:-

Après la période des questions, à 15 h 55, la motion portant deuxième lecture du projet de loi 75, Loi réglementant les alcools et les jeux dans l'intérêt public, prévoyant le financement des organismes de bienfaisance grâce à la gestion responsable des loteries vidéo et modifiant des lois en ce qui a trait aux alcools et aux jeux, mise aux voix sur le vote différé, est adoptée par le vote suivant:-
